

**THE
SIXTH
FORM
COLLEGE**
FARNBOROUGH

Facilities for Hire

The Sixth Form College Farnborough is not only a centre of educational excellence, it also has a wealth of facilities that are available for hire to the public. These include;

- State of the art theatre
- Quality standard sports pitches
- Outstanding music suites
- Dance studios
- Modern and spacious conference rooms
- Lecture theatres

We offer our varied range of facilities at very competitive rates. We also have generous on-site parking.

Our staff are experienced in catering for your needs, so whether it's a regular hire of our pitches for a local football team, use of the theatre for your rehearsals and productions or if you are planning a company team-building day for your staff, we can accommodate your every need.

For more details, visit our website www.farnborough.ac.uk, email llewis@farnborough.ac.uk or call us on **01252 688219**.

Prospect Theatre Foyer

Size: 5.7m x 19.1m

Features: ambient front of house receiving area with space to serve drinks, hot and cold running water and refrigeration. The front of house area also houses two digital screens which can be used to show welcome presentations or advertise future events.

The Prospect Theatre

Seats: 184 raked seating with up to 60 additional seats

The Prospect Theatre is a modern, purpose-built theatre space with raked, removable seating for up to 184, with the capacity to increase this to 300 for corporate events and presentations. It is a traditional, proscenium arch space with a 12x8m matt black dance floor. The front of the staging area also houses an orchestra pit, available upon special request.

Technical Facilities

Following recent significant investment in the technical provision of the theatre, we now have a state-of-the-art lighting and sound system. Our 72 channel half fixed/half flow rig is controlled by an ETC Ion XE with Fader Wing. Our recently installed HK Installation speakers, JBL subwoofers and deployable HK Linear 5/ Linear Sub stacks are controlled by our two Midas M32 digital sound desks. We also have 8 Linear 3 speakers available for use as monitors and/or to create surround sound effects. We have an assortment of generic and intelligent lighting including:

- 8 Miltec Par 144Qs
- 6 Miltec LED Batten 2s
- Amhaze Whisperer Haze Machine
- 2 ADJ UV Cob Cannons

We have two installed Behringer SD8 stage boxes and two portable Midas DL16 stage boxes, to supplement our 12 (potential for 16) Trantec receivers, available for use with handheld, headset or lavalier microphones.

The tech box also controls the theatre's projection unit. Projection in the theatre can be run in a variety of different ways, from conference-style presentation set-ups, to larger-scale theatrical displays.

A communication system is also installed to facilitate show cueing, with points located around the theatre and surrounding areas. A show relay screen is located outside the dressing rooms. An induction loop is in place for those hard of hearing.

For full technical specifications and theatre/rig plans, please enquire when making your initial booking enquiry.

The Prospect Theatre Continued...

Hospitality

The theatre also houses our ambient front of house receiving area with space to serve drinks, hot and cold running water and refrigeration. The front of house area also houses two digital screens which can be used to show welcome presentations or advertise future events.

Two dressing rooms backstage are completed by mirrored make-up tables with surrounding lights, shower and toilet facilities.

The Simon Jarvis Lecture Theatre

Opened in 2018 by Michael Gove MP our new 190 capacity raked seating lecture theatre offers high quality audio visual.

Audio is delivered by a JBL Constant Bandwidth Technology array loudspeaker system giving full clear coverage to all attendees with no loss of volume from the front to the back of the hall with added bass response for music or films.

We have 2 x handheld wireless microphones that could be used for questions from within the audience or for multiple presenters at the front. There are 3 lectern positions, left, right and centre. Our gloss white Perspex lectern has an integrated screen to mirror the projected image and a gooseneck mic. The lectern has an additional 13amp power socket and auxiliary HDMI input for guest devices.

The visual is delivered by a 7000 lumens Epson G79000U projector, on to a giant 4m by 2.5m white pearl projection screen. Adjustable lighting in the venue can be tailored to best suit your hire for presenters, performance or film cinema style.

Our air conditioned venue has an induction loop amplifier so those with hearing aids switched to the T or MT setting can participate more effectively in presentations or performances.

Leisure and Sport Facilities

We have enviable leisure facilities including our Sports Complex which can be hired by local clubs and members of the public.

Media Facilities

We have an array of interesting and adaptable facilities at the College which can be used by film companies or photographers.

As well as the obvious use of the site as a college/school we can double up as a theatre, airport terminal, train station, university campus, housing estate, company global headquarters, gym, office block, laboratory, doctor's surgery, recording studio... the list is endless and only limited by your own imagination!

We also have the added benefit of the site being unused for education for 13 weeks during the year. So if you're looking for an accommodating, flexible location with rail links to London and close to the M3, look no further than The Sixth Form College Farnborough.

Music Facilities

Features: Single person sound proofed practise rooms, recital room which can accommodate up to 80 people plus the performers, band sized performance practise rooms. Piano and other instruments available at extra cost.

Price: upon request

Recording Studio - Studio 6

Price: upon request

Studio 6 is a contemporary purpose built recording studio, fully integrated with a broad range of recording equipment.

In the control room, you have access to a 32-channel digital mixing desk and an iMac running the latest industry standard software; Logic Pro X and Native Instruments Komplete Ultimate 11. The mastering suite enables you to switch between 3 different pairs of professional studio monitors and master your tracks with Ozone Advanced 8.

In the live room you have access to an acoustically treated vocal booth, a full drum kit, an acoustic upright piano, and various guitars and amps. We have an extensive range of microphones, both condenser and dynamic, along with various cables and mic stands.
